

Name: **Marianna Belin**

Local: **Chilliwack**

When did you start with Special Olympics and how did you get involved?

My husband and I moved to BC in February of 1997 from Alberta and decided to remain involved as volunteers as we have two children with intellectual disabilities. I first became the Fundraising Coordinator.

What is your most memorable Special Olympics experience?

Any time where I see athletes succeed in life is a memorable experience. I feel that Special Olympics provides athletes with the opportunity to shine.

What would you like people to know about you?

I tell everyone I know about Special Olympics so I guess you could describe me as outgoing.

What volunteer positions do you hold?

I am currently the Fundraising and Social Coordinator and was formerly our Secretary.
