

Volunteer Profile Outline

Name: Anton Kew

Local: Grand Forks

Role(s)/Position(s): Local Coordinator, softball, floor hockey, and club fit coach

When did you start with Special Olympics and how did you get involved?

I started about three or four years ago. Volunteering with Special Olympics was something I always wanted to do and the floor hockey coach asked if I wanted to help him. I became Local Coordinator when it needed to be filled. In talking to Leslie (Regional Field Manager) she convinced me to take it on.

What is your most memorable Special Olympics experience?

Oh boy. This is a hard one. I guess it was when our softball team won at provincials and went undefeated. Lots of little moments are golden, but that was one of the biggest results.

What would you like people to know about you?

I've been a racing road cyclist for 32 years.

What volunteer position(s) do you hold?

Aside from being Local Coordinator, I am also a coach in softball, floor hockey, and club fit.
