SPORT RULES

Resources → Sport Rules, Resources and Videos → Speed Skating

DIVISIONING

Due to the facility and time restrictions often faced at a Regional Qualifier the following divisioning procedure is suggested.

1. Local Coaches identify times generated by their athletes at events no earlier than three (3) months prior to the regional qualifier.
 - Should an athlete produce a time faster than the seed time submitted to the organizing committee prior to the regional qualifier the coach is obligated to submit the new time to the organizing committee prior to the start of the event.
2. The Competition Coordinator, Race Secretary and a SOBC Staff Representative will division athletes based on the Special Olympics Canada Divisioning Process.

FACILITY

The competition venue should comply with the requirements dictated in the Special Olympics Canada Official Sport Rules keeping in mind that availability may require deviations from these recommendations. In situations, which require such a deviation, the Competition Coordinator is required to contact the Provincial Office for facility approval.

In addition to the venue requirements listed in the SOC Official Rules Book participants should also have access to the following facility amenities:

- Access to washroom facilities for Male and Female participants
- Separate changing facilities for Male and Female participants
- Fully accessible to all participants, i.e. participants with a physical disability.

SPORT OFFICIALS

Due to the technical nature of the sport of speed skating the following officials, (refer to the attached form) must be in place prior to applying for sanctioning from the Provincial Office, (form must be included with the application for sanctioning). For assistance in recruiting individuals appropriate for these roles please contact the SOBC Provincial Office.
